Microsoft Back to School Giveaway

Hey all!

Microsoft College Connect is an initiative by NUS Microsoft Student Community SIG to reach out to students in Singapore. The Microsoft College Connect is a pet project started by a group of passionate student technologists who are looking to share useful information and opportunities with the rest of their peers. We strongly believe in sharing and helping others to succeed in their daily school work.

In the spirit of sharing that we strongly believe in, we are launching a “Back to School Giveaway” for students in Singapore from 16th June 2011 to 30th June 2011.

This is a list of giveaways which students would find it useful for their daily school work. Okie, let’s give them out!

- 2 x Samsung S23A350H LED Monitor
- 2 x Canon PIXMA MP276
- 2 x Western Digital Passport Essential 500GB 2.5” HardDisk
- 2x Microsoft Lifecam Studio
- 2 x Microsoft Wireless Comfort Desktop 5000
- 2 x Creative GigaWorks T40
- 2xMicrosoft Xbox 360 Kinect Bundle 4GB (What’s a student’s life without some fun?)

How to be eligible for the giveaway?

1. You have to be a student. “DUH!”
3. ‘LIKE’ our page
4. Answer a simple question in the “Back to School Giveaway” application in the page.

Looking forward to connect with you. Good luck ;)}
Key NUS appointments in health and medicine

NUS announced today three new senior appointments: NUHS Chief Executive Assoc Prof Benjamin Ong will be NUS Senior Vice President (Health Affairs); Dean of Medicine Prof John Wong will be Vice Provost (Academic Medicine); and Vice Dean (Academic Affairs) Assoc Prof Yeoh Khay Guan will succeed Prof Wong as Dean from 1 November.

First Duke-NUS MD class celebrates completion of four-year medical training

The first class of 31 medical students who joined Duke-NUS in August 2007 celebrated the completion of their four-year medical training. The students, who will graduate in June 2011, attended the inaugural conference of the Duke-NUS Medical School yesterday, where they were introduced to the broad range of opportunities available for them as they begin their medical careers.

</tr>
</tbody>
</table>
Most databases contain only citations and abstracts without fulltext. Some databases have links which you can use to check for fulltext.
Use Articles to search across some pre-selected databases. It’s a good starting point for beginners but results are not comprehensive.
RBR books are Recommended Books/Readings for modules. They are available for 2-hour loan and you can only borrow one RBR book at a time.
### Materials for this course

</tr>
</tbody>
</table>
RBR books are kept behind loan counter 1. Go through the passage next to loan counter 1 and pick up the book you need, by looking under its call number. Hand it together with your student card to the staff on duty. Return within 2 hours to loan counter 1’s self-return machine as fines are $1 per hour.
First Duke-NUS MD class celebrates completion of four-year medical training

The first class of 24 medical students who joined Duke-NUS in August 2007 celebrated the completion of their four-year Doctor of Medicine training on 28 May 2011.
**NEWS**

**27 Jul 11**  **Tweet to Win!**

NUS Freshies! Find out more about the Centre for Instructional Technology’s services for you and stand to win **one of three iPod Touches (32GB)**!

Competition details can be found here.

Hurry! Closing date: **Tuesday 2 August 2011, 1800 hrs**.

**25 Apr 11**  **IVLE iPhone app Version 2.0 update - download it now**

The NUS IVLE iPhone App is now available on the iTunes App Store. The app makes interacting with IVLE easier by providing access to your modules. Using the app, you can read announcements, view workbin files, access discussion forum posts and find out about the latest student events. The NUS IVLE iPhone App also informs you what’s new in your modules for the past 5 days. Enjoy access to IVLE while on the go!

**UPDATE** Version 2.0 available now.

1. Local notification on new items for each module
2. Viewing of Webcast lectures video
3. Read/unread indicator for workbin, announcement, forum and webcast.
4. Pinch and zoom for workbin files.
5. Support for iPad
6. Support for all orientations.
7. Access to NUS Library mLINC

**20 Oct 10**  **IVLE Microsoft Office Plugin**

You can now upload Microsoft Office files directly from Word, PowerPoint and Excel to the IVLE workbins without accessing IVLE.

To do so, you will need to install the **IVLE Microsoft Office plugin.** Available for Windows only, Microsoft Office 2003, 2007, 2010 and 2010 (64 bit)

</table>

Since the first half of the 19th century, there have been reports of children exhibiting inexplicable deficits in language ability. These children’s language difficulties are not accompanied by the problems so often associated with language disorders. Their hearing appears to be within normal limits, their scores on nonverbal tests of intelligence are within the normal range, and examination reveals no clear evidence of neurological impairment. The labels given to these children have varied over the decades, although in recent years, these children have most often been referred to as children with specific language impairment (SLI).

The deficits experienced by children with SLI can be long-standing, and place them at risk for reading and other academic difficulties. For this reason, it is important to discover the cause or causes of this disorder, and to search for effective ways of preventing and treating the problem.

There is a second reason why the study of SLI is important. On the face of it, SLI appears to be a condition in which language alone is adversely affected. Thus, this disorder might constitute an ideal test case for the notion that language, or at least a major component of it, is autonomous of other mental faculties.

For both of these reasons, the pace of research on SLI has accelerated in the last few years. However, as in any area of investigation, obstacles can confront the SLI researcher. This chapter discusses methods for the study of specific language impairment. Ways of overcoming some of the common obstacles are presented, although it will be apparent that in many instances even great care leaves an imperfect picture of this disorder. Three major

NATIONAL UNIVERSITY OF SINGAPORE

EXAMINATION FOR THE DEGREE OF B.ENG
(Semester I: 2008/2009)

EG1108 ELECTRICAL ENGINEERING

November 2008 – Time allowed: 2 Hours

INSTRUCTIONS TO CANDIDATES

1. This paper contains SIX questions and comprises SIX (6) pages.

2. Answer any FIVE (5) questions.

3. Each question carries 20 marks.

4. This is a CLOSED BOOK examination.
Q.1 (a) Determine voltages $V_1$ and $V_2$ in the circuit of Fig. Q1(a).

[7 marks]

(b) Use superposition theorem to find current through and power dissipated in resistance $R_X$ shown in the circuit of Fig. Q1(b).

[8 marks]

FAQs

Q What is my PIN number or password? How do I retrieve my PIN?

A Answer:

Please note that your Library PIN is not the same as your NUSNET password (which you use to access IVLE and NUS Mail).

NUS students

By default, your PIN (Personal Identification Number) is your student SMARTCARD PIN issued by the NUS Computer Centre.

If you don't know or remember your SMARTCARD PIN, you can use the Retrieval of Smartcard PIN service which will email your PIN to your NUS email address (please use Internet Explorer 7/8 or Firefox for this service). Note: This is a service by the NUS Computer Centre and only works if you have not changed your default PIN before.

If this doesn't work, please approach library staff at the loans desk for a reset.

NUS staff

By default, your PIN (Personal Identification Number) is your staff number or in rare cases your NRIC number or your passport number without alphabet/s. You are advised to change it to a ANY combination of numbers up to a maximum of 8 numbers. If you have forgotten your PIN and the default PIN doesn't work, please approach library staff at the loans desk for a reset.

External members/Term card holders

By default, your PIN (Personal Identification Number) is your NRIC no. or your passport number without alphabet/s. If you have forgotten your PIN and the default PIN doesn't work, please approach library staff at the loans desk for a reset.

If you are sure you have the correct PIN and still cannot access the system, please ensure you have entered the correct case区分 for your PIN.
What is my PIN number or password? How do I retrieve my PIN?

**Answer:**

Please note that your Library PIN is **not** the same as your NUSNET password (which you use to access IVLE and NUS Mail).

**NUS students**

By default, your PIN (Personal Identification Number) is your student SMARTCARD PIN issued by the NUS Computer Centre.

If you don't know or remember your SMARTCARD PIN, you can use the Retrieval of Smartcard PIN service which will email your PIN to your NUS email address (please use Internet Explorer 7/8 or Firefox for this service). Note: This is a service by the NUS Computer Centre and only works if you have not changed your default PIN before.

If this doesn't work, please approach library staff at the loans desk for a reset.

**NUS staff**

By default, your PIN (Personal Identification Number) is your staff number or in rare cases your NRIC number or your passport number without alphabet/s. You are advised to change it to a **ANY** combination of numbers up to a maximum of 8 numbers. If you have forgotten your PIN and the default PIN doesn't work, please approach library staff at the loans desk for a reset.

**External members/Term card holders**

By default, your PIN (Personal Identification Number) is your NRIC no. or your passport number without alphabet/s. If you have forgotten your PIN and the default PIN doesn't work, please approach library staff at the loans desk for a reset.

If you are sure you have the correct PIN and still cannot access the system, please ensure you have entered the correct Library ID (found on your library card) and date of birth when prompted.
