The Stormwater Management and Road Tunnel (SMART) project, a RM2 billion initiative is a unique Malaysian engineering innovation, the first of its kind in the world. It will not only convey storm water, but also serve as a motorway tunnel that provides an alternative route from the city's southern gateway at Sungai Besi direct to the city centre.

Projek Pengurusan Air Banjir dan Terowong Jalanraya (SMART), satu inisiatif bernilai RM2 bilion, merupakan inovasi kejuruteraan Malaysia yang unik dan pertama seperti di dunia. Ia bukan sahaja akan menyalurkan air hujan tetapi juga berfungsi sebagai terowong lalu lintas yang menyediakan laluan alternatif, dari pintu masuk selatan di Sungai Besi terus ke pusat bandaraya.

Group Earnings Per Share (sen) / Perolehan Kumpulan Sesaham (sen)	17	17	24	29	36
Net Tangible Assets Per Share (sen) / Aset Ketara Bersih Sesaham (sen)	270	156	159	189	219

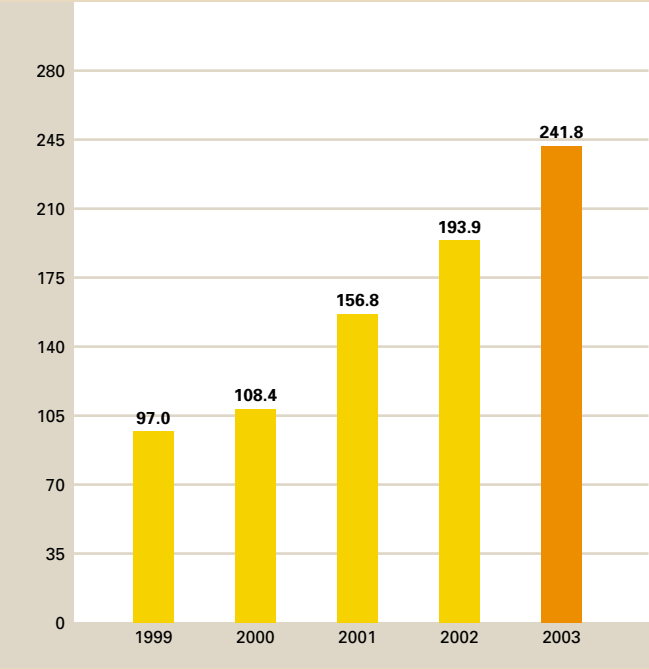

During the financial year, the Group applied new Malaysian Accounting Standards Board (“MASB”) Standards and recognised the share of capital reserves arising from deemed disposal in an associated company (as disclosed in the Financial Statements) and these have been adjusted retrospectively. The comparative figures for the preceding years are restated for comparison purposes.

Bagi tahun kewangan ini, Kumpulan telah mengambilguna Piawaian Perakaunan Malaysian Accounting Standards Board (“MASB”) dan pengiktirafan perkongsian rizab modal timbul daripada pelupusan yang dianggap dalam syarikat bersekutu (seperti dinyatakan dalam nota-nota kepada Penyata Kewangan) dan ini telah dilaraskan secara retrospektif. Angka-angka perbandingan bagi tahun lepas telah dinyatakan semula.
