(i) Based on the enlarged issued and paid-up share capital of NTHB after the Restructuring.

(ii) There is no exceptional or extraordinary item during the financial years/period under review.

The financial statements of NTHB and its subsidiaries were not subject to any audit qualification for the years under review with the exception of the financial statements of Jia In. Jia In's financial statements for the three (3) financial years ended 30 September 1999 were qualified as a result of the auditors not attending the stock take at the relevant date and the value of stock was based on the valuation made by management. However, as the contribution of Jia In is not significant, the impact of the qualification is not expected to be material to the proforma Group results. Furthermore, subsequently, the financial statements of Jia In were reported without any qualification.
