PRESTAR RESOURCES BERHAD (123066-A)

Chairman's Statement

On behalf of the Board of Directors, it is my pleasure to present the Annual Report and Audited Financial Statements of Prestar Resources Berhad for the financial year ended 31st December 2000.

The year 2000 started off with robust sales revenue for the first and second quarter in which we saw substantial growth in terms of sales revenue and profit. However these were slowly eroded by the poor market performance and a regional drop in iron and steel prices. Supply output of steel overide the demand of the market, resulting in erosion of product pricing across the board.

The steel industry continues to be weak as we faced severe market competitions both local and abroad.

This had adverse effects to our newly formed subsidiary Prestar Europe bvba as it continued to suffer losses for its initial operations. We are looking at all available options to address this situation.

Prestar group of companies has continued to exercise its main focus on our various core related steel industries as well as downstream manufacturing which have helped us to weather this downturn. The Group achieved a sales revenue of RM263 million and a group profit after tax and MI of RM12.09 million for the year ended 31st December 2000 against the corresponding year of sale revenue of RM195 million and profit after tax and MI of RM13 million. This had resulted in the net tangible assets per share of the Group to increase from RM2.23 per share to RM2.73 per share for the year ended 2000.

The following are the status of various corporate events of the Group:-

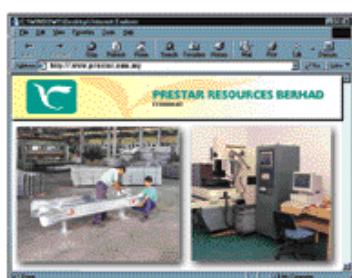

1. The Rights Issue of 20,350 million new ordinary shares on the basis of one Right share for every one existing ordinary share of RM1.00 each at an issue price of RM2.00 per share were subscribed by shareholders up to 98%. The balance of 2% unsubscribed Rights Issue were taken up by the appointed Underwriters.
2. The acquisition of 18.25 acres of industrial land together with 5 blocks of factory buildings, which currently houses the major manufacturing activities of the Group were completed on 5th April 2001.
3. The increase in authorised share capital of the company from RM25 million comprising of 25,000,000 ordinary shares of RM1.00 per share to RM100 million comprising of 100,000,000 ordinary shares of RM1.00 each.
4. The additional listing of 20,350,000 new ordinary shares of RM1.00 each issued pursuant to the Right's Issue listed in the first quarter of year 2001. This exercise enabled the company to conform to the Securities Commission's listing requirements for second board companies.
5. The successful acquisition of the remaining 65% stake in Zellico Metal Galvanising Sdn Bhd in August 2000 and the subsequent approval of name change to Prestar Galvanising Sdn Bhd by the Registrar of Companies in middle of October 2000.
6. The accreditation of ISO 9002 Quality Management System Standard by Lloyd's had been achieved by two members of the group, Prestar Engineering Sdn Bhd in August 2000 and Summit Steel Centre Sdn Bhd in December 2000.
7. The Employees' Share Option Scheme, ESOS, for eligible employees of Prestar and its subsidiaries had been implemented on 31st January 2001.

Dividend

The directors have recommended a final dividend of 3.5% less 28% tax amounting to RM 512,820 in respect of the financial year ended 31st December 2000 and will seek approval at the forthcoming annual general meeting.

Review of the Operations

The Directors are of the opinion that signs of the economic downturn in the US market will evidently affect the Asean regions and other major parts of the world. We are therefore taking steps to address our groups' activities and operations. We will further diversify into other non-traditional markets like Eastern Europe and South Africa to increase our market share for the export and distribution of our product range as well as preparing for the dawning of the AFTA which will further add new and stronger players to our market. Our continuous quality upgrading of our products and productivity would be permeated at all levels to enhance export and local markets. This will lend a positive boost for our sales revenue.

Finally, I wish to extend my appreciation to the Board of Directors, management and the staff for their unwavering dedication and contribution and sincere thanks to financial institutions, Government, authorities, suppliers and valued clients for their continuous support.
